🛡 Security

Malware Scanning

We run regular code checks to look for vulnerable, harmful, and malicious code across your entire website.

✅ Your code is clean, the skies are clear.

Blocklist Monitor

We're checking Google's blocklist every 6 hours to see if this site is malware free.

✅ Your domain is currently clean.

IP Lockouts

We are automatically protecting your login area and files from hackers and bots.

⚠ There have been 22 lockouts in the last reporting period.

Last Lockout	28 de agosto de 2024 22:10
Login Lockouts	0
404 Lockouts	0

☄ Performance

Performance Test - Overall Score

Here are your latest performance test results. A score above 85 on
desktop and 80 on mobile is considered as a good benchmark.
